Section C Plot Inspection Report

How to Use this Table: Find your plot number to locate if your plot was cited for any garden issues. Highlighted numbers have been flagged for issues.

What if my plot has a violation?
Address the issue listed in the inspection report by Monday, July 1, 2024. If you have questions contact your section captain to discuss your issue.

| Plot Number | Inspection Grade | Plant Diversity | Visibility/Placement of Plants | Paths | Weeds | Trenches | Fences | Trash | Plant Schedule | Other violation | Volunteer Hours Recorded |
|----------------|-------------------|--|--|---|---------------------------------------|---|--------------------------------------|--|--|--|-----------------------------|
| C02 | Needs Improvement | Plot contains more than 50% of a single type of plant | | | | | | There is unbundled trash in the plot (e.g., used water bottles, gloves) | | | 1.5 |
| C03 | Needs Improvement | Plot contains more than 50% of a single type of plant | | | | | Peice of wired fence popping out | There is unbundled trash in the plot (e.g., used water bottles, gloves) | | | C |
| C04 | Needs Improvement | Plot contains more than 50% of a single type of plant | | | | | | There is unbundled trash in the plot (e.g., used water bottles, gloves) | | | >3 |
| C05 | Needs Improvement | Plot contains more than 50% of a single type of plant | | | | | | | | None | 3 |
| C06 | Needs Improvement | Plot contains more than 50% of a single type of plant | | | | | | There is unbundled trash in the plot (e.g., used water bottles, gloves) | | | >3 |
| C07 | Needs Improvement | Plot contains more than 50% of a single type of plant | | | | | | | | | 2.25 |
| C08 | Not reviewed | 3 - 3 - 4 | | | | | | | | | 0 |
| C09 | | | | | | | | | | | 1.5 |
| C10 | Needs Improvement | Plot contains more than 50% of a single type of plant | | | | | Nails poking out, | There is unbundled trash in the plot (e.g., used water bottles, gloves) | | Trash Outside, Trash inside, Tall Wooden Sticks. | 1 |
| C11 | Needs Improvement | Plot contains more than 50% of a single type of plant | Tall-growing plants (those that grow taller than 18 inches, like corn) planted closer than 2 feet to edge of plot | | | | | There is unbundled trash in the plot (e.g., used water bottles, gloves) | | | >3 |
| C12 | Needs Improvement | Plot contains more than 50% of a single type of plant | | | | | | | | | 2.5 |
| C13 | Needs Improvement | a origination of praint | | | | | | There is unbundled trash in the plot (e.g., used water bottles, gloves) | | | 0.5 |
| C14 | Needs Improvement | Plot contains more than 50% of a single type of plant | | | | | | There is unbundled trash in the plot (e.g., used water bottles, gloves) | | | 1.5 |
| C16 | Needs Improvement | Plot contains more than 50% of a single type of plant | | | | | Wired that can scratch you probably. | | | | O |
| C17 | Needs Improvement | Plot contains more than 50% of a single type of plant | | Pathways are less than 2.5 feet (30 inches) on all sides | | | | There is unbundled trash in the plot (e.g., used water bottles, gloves) | | | C |
| C18 | Needs Improvement | Plot contains more than 50% of a single type of plant | | | | Trench drains into pathway or other garden plot | Stuff hanging out like wire | | The gardener has not begun planting for the year (e.g., at least 50% planted by June 1) | | >3 |
| C19 | Needs Improvement | Plot contains more than 50% of a single type of plant | | Eastern pathway is overgrown and needs weeding/clearing | | | None | There is unbundled trash in the plot (e.g., used water bottles, gloves) | | | |
| C20 | Needs Improvement | | Can not see all the way through the plot (e.g., tall-growing or trellised plants affect visibility) | Eastern pathway is overgrown and needs weeding/clearing | Gardener's plot has significant weeds | | None | There is unbundled trash in the plot (e.g., used water bottles, gloves) | The gardener has not begun planting for the year (e.g., at least 50% planted by June 1) | | C |
| C23 | Needs Improvement | | | Southern pathway is overgrown and needs weeding/clearing | | | | | | | >3 |
| C24 | Needs Improvement | | | Southern pathway is overgrown and needs weeding/clearing | | | | | | | >3 |
| C25 | Needs Improvement | | | | | | | | | | 2 |
